AM/FM tuner

Easy alarm/time set

Wake up to radio or a buzzer

Sleep Timer

Sleep timer lets you decide how long you want to listen to music or a radio station of your choice before falling asleep. Simply set a time limit (up to 1 hour) and choose a CD or radio station to listen to while you drift off to sleep. The set will continue to play for the selected duration and then automatically switch off to a power-efficient, silent stand-by mode. Sleep Timer lets you fall asleep to your favorite CD or radio DJ without counting sheep or worrying about wasting power.

Repeat alarm
